

Learn the Hebrew Alphabet With Pictures

Steps to learn graphically the Hebrew Alphabet:

- Carefully read aloud each of the 3 stories (in green) while comparing to pictures and letters
- Sing these stories while looking at the letters and pictures (to the tune "Doe, a Deer")
- Repeat by memory the song (when you hesitate, remember the picture to help memory)
- Compare the letters of the same color and observe the differences
- Read and study the first chapter of Basics of Biblical Hebrew.
- When you are there, repeat at least once a day the whole alphabet forward and backward (up to the point when you can say it rapidly and easily and remember the form of each letter)
- Memorize the pronunciation (blue), transliteration (red) and numeric value of each letter (repeat each letter with its pronunciation, transliteration and number)

Two Remarks:

- Learning the Hebrew alphabet does not need to be boring, consider it as a game.
- You could be surprised at the speed you learn with pictures (and music)!
